MEETING
THE
CUSTOMER

Everything starts from the brief with the Customer:

The first brief with the appointed Project Manager and designer allows us to:

- Deepen Customer needs and define tasks
- Give an overview of products catalogue, deepening technical details
- Get a budget orientation
- Provide project price quotation (if required, depends on project size)
- Define the timeline

Welcoming the customers....

..and in connection with customers and architects, via the mWost used platforms, to further discuss the requests and to present our tailored proposals...
